# Fruitsweetness

## Grape

has a glucose fructose ratio of about 50:50 %

## Apple

has significantly more fructose than glucose, supported by sucrose and a minor content of the sugar-alcohol sorbitol

## Pear

is similar to apple except significantly higher content of sorbitol

## NFC

NFC	°Brix	% Malic Acid
Apple (cloudy)	10.0-12.0	3.7 - 5.5
Black Currant	>10.5	2.8 - 4.5
Rhubarb	2.5 - 3.5	0.9 - 1.2
Sour Cherry	>12.4	>1.2

AUSTRIA JUICE is your experienced partner for beverage and flavour solutions for a wide range of applications in the processing food and beverage industry.

In addition to juice concentrates, the portfolio also includes beverage ingredients, direct juices, flavours, extracts, fruit sweeteners and fruit wines. Our international experts develop individual recipes and holistic beverage concepts tailored to your requirements.

For more information about the company or the product portfolio, visit our website [austriajuce.com](http://austriajuce.com) or contact our experts directly:

# Our packaging solutions

## Jerry can

5 kg  
20 kg

## Bag in Pail

25 kg  
aseptic

## Metal Drum

250 kg  
open top  
aseptic

## Plastic Drum

200 l

## Stainless Steel Container

800 l  
aseptic

## Arca Container

1.000 l  
aseptic

## IBC Container

1.000 l  
non aseptic

## Goodpack

1.300 l  
aseptic

## Road Tanker

up to 25 to  
aseptic, non aseptic
